Dearest Shopper,

Thank you for choosing to shop local and shop small this holiday season! Your money will go directly to those who produce the goods you'll purchase. This helps our local economy and food system thrive!

The small businesses you'll find in this guide are members of the St. Paul Growers' Association and St. Paul Farmers' Market. The members grow or produce food within 100 miles of St. Paul, MN, ensuring the freshest local food you can find. The association hosts over 200 vendors at 18 farmers' markets across the Twin Cities metro. While most farmers' markets are open May - October, we have markets available year-round. Please find the winter schedule below using the QR code.

With love and gratitude,
St. Paul Farmers' Market Staff
